SHRUBBE™ plants are a unique collection of DESIGNER SHRUBS that add a sense of style to your landscape - a certain flare. More blooms, striking colors, and different shapes are just some of the features offered in this distinctive collection.

Each year varieties are added to this program as we introduce exciting, new cultivars from around the world. Your most discerning customers will be anxiously waiting for the next arrival of the red Shrubbe pots to choose unusual, difficult-to-find items for their landscape. Provide a source for your customers for the new and unusual. Stock Shrubbe plants in your garden center.
